

Award-Winning Digital Maths Learning Platform

Explore new maths concepts, practise skills,
solve challenges and have fun!

Why matific ?

- ✓ Designed by pedagogical experts
- ✓ Creates a personalised and adaptive learning path
- ✓ Develops problem-solving and conceptual understanding
- ✓ Develops authentic engagement and a love for mathematics

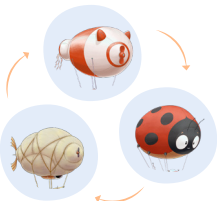

Matific is Proven to **Boost Maths Outcomes!**

1 **Improve maths outcomes**

Matific works!

When using the app 30 minutes per week, Matific helps improve test scores by an average of 34%. Plus, 31% more kids say "I want to learn maths" after using Matific.

2 **Your child's personal tutor**

A personalised and adaptive learning path

When your child uses Matific, they're never rushed or held behind. Matific's Adventure Island algorithm adapts to your child's pace and progress.

3 **We keep you in the loop**

Know your child's strengths and weaknesses

Matific provides regular updates on your child's strengths and weaknesses. With these insights, you can provide extra support where your child is struggling and enrichment to further develop their strengths.

4 **Your child will love maths!**

Reduce maths anxiety

Matific features gamified activities that bring excitement and fun to maths. We've also eliminated the checklist approach and instead nurture and guide students through challenges. By putting students at ease and making the subject enjoyable, Matific reduces maths anxiety.

matific is a multi-award winner
